Colours for your life

Design your U-PVC window systems as you want and match them with every style of construction.

pattern overview | standard patterns

Description (Abbreviation)	aluplast-No. one-sided (base material)	aluplast-No. both sides (base material)	colour code (similar to RAL-colour)
 nut tree (nb)	227 (base material: white)	127 (base material: brown)	- 436-2035
 mahagoni (ma)	205 (base material: white)	105 (base material: brown)	209 70 13 436-2002
 golden oak (go)	223 (base material: white)	123 (base material: ocher)	217 80 01 436-2036
 brown pattern (bd)	233 (base material: white)	133 (base material: brown)	185 18 05 436-5010 (similar to RAL 8022)
 dark green (gr)	230 (base material: white)	-	161 25 05 436-5021 (similar to RAL 6009)
 anthracite sand structure (agg)	260 (base material: white)	-	- 436-7003 (similar to RAL 7016)
 grey sand structure (gag)	261 (base material: white)	-	- 436-7022 (similar to RAL 7001)

RAL-colour coatings on request.

Please note

The finishes shown are not completely available for every aluplast system. The current valid aluplast profile pricelist gives information on the available colour range. Due to the higher production complexity for special patterns, longer delivery times as well as a surcharge for special pattern will occur compared to the standard range.

pattern overview | special patterns

Description (Abbreviation)	aluplast-No. one-sided (base material)	aluplast-No. both sides (base material)	colour code (similar to RAL-colour)
 walnut terra life-like* (wt)	228 (base material: white)	128 (base material: brown)	- 436-3059
 walnut amaretto life-like* (wa)	229 (base material: white)	129 (base material: ocher)	- 436-3058
 birch life-like* (bi)	252 (base material: white)	152 (base material: ocher)	- 436-3031
 basalt grey sand structure (bgg)	262 (Grundkörper: weiß)	-	- 436-7032 (similar to RAL 7012)
 aluminium brushed* (alu)	263 (base material: white)	-	- 436-1001
 steel blue (sbl)	241 (base material: white)	-	151 50 05 436-5006 (similar to RAL 5011)
 dark red (ro)	232 (base material: white)	-	130 81 05 436-5013 (similar to RAL 3011)
 moss-green (mgr)	243 (base material: white)	-	160 05 05 436-5014 (similar to RAL 6005)
 cream white (cw)	250 (base material: white)	-	113 79 05 436-5015 (similar to RAL 9001)

Please note

Seals for patterned profiles are always black. In spite of the highest care being taken in manufacture, slight colour deviations can occur in the foils.

Any colour and finish structure deviations from the patterns shown compared with the window profiles are due to the printing process.

*Due to special foil variants an increased pattern surcharge is added for these colours.
